

UNION DEMOCRATIC PLATFORM.

ADOPTED IN STATE CONVENTION JANUARY, 1, 1862.

WHEREAS, The Democratic party having, from the date of its organization, been in favor of the maintenance of the Union and the preservation of the Constitution, and seeing in the present condition of the country the deplorable effects of a departure from its time-honored and conservative principles, and the triumph of sectionalism; and firmly believing that the Union and the Constitution can be preserved only by the restoration of the party to power, we invite all true Union men throughout the land to unite with us in sustaining its organization and carrying out its principles:

Resolved, 1. That we reaffirm and endorse the political principles that from time to time have been put forth by the National Conventions of the Democratic party.

2. That we are unalterably attached to the Constitution, by which the Union of these States was formed and established; and that a faithful observance of its principles can alone ensure the existence of the Union, and the permanent happiness of the people.

3. That the present civil war has mainly resulted from the long continued, unwise, and fatal agitation, in the North, of the question of domestic slavery, the consequent organization of a geographical party, guided by the sectional platform adopted at Philadelphia, Pittsburgh, Philadelphia, and Chicago, and the development thereof by sectional hate and jealousy, producing (as had long been foreseen and predicted by us) its counterpart in the South of secession, disunion, and armed resistance to the General Government, and terminating in a bloody strife between those who should have been forever bound together by fraternal bonds, thus bringing upon the whole country a calamity which we are now to meet as loyal citizens, striving for the adoption of that mode of settlement best calculated to again restore union and harmony.

4. That in rejecting all propositions likely to result in a permanent settlement of the question in dispute between the North and the South, and especially those measures which would have secured the border slave States to the Union, and a hearty co-operation on their part in all constitutional and legal measures to procure a return of the more Southern States to their allegiance, the Republican party assumed a fearful responsibility, and acted in total disregard of the best interests of the whole country.

5. That if the war in power had shown the same desire to settle, by amicable adjustment, our internal dissensions before hostilities had actually commenced, that the Administration has recently exhibited to avoid a war with our ancient enemy, Great Britain, we confidently believe that peace and harmony would now reign throughout all our borders.

6. That the maintenance of the Union upon the principles of the Federal Constitution should be the controlling object of all who profess loyalty to the Government—and in our judgment this purpose can only be accomplished, by the ascendancy of a Union party in the Southern States, which shall, by a counter revolution, displace those who are the direct cause of the rebellion. That no effort to create or sustain such a party can be successful which is not based upon a definite settlement of the questions at issue between the two sections; and we therefore demand some such settlement by the action of the constitutional guaranty, either initiated by act of Congress or through the medium of a National Convention.

7. That the Republican party has fully demonstrated its inability to conduct the Government through its present difficulties.

8. That we are utterly opposed to the twin heresies, Northern sectionalism and Southern secession, as inimical to the Constitution; and we believe that the only way to preserve the Union and the peace of the country, should from indignantly upon them.

9. That in this national emergency the Democracy of Indiana, banishing all feeling of passion and resentment, will second all the efforts of the whole country, that this war should not be waged in the spirit of conquest or subjugation, nor for the purpose of overthrowing or interfering with the rights or institutions of the States, but to defend and maintain the supremacy of the Constitution, and to preserve the Union with all its dignity, equality and rights of the several States unimpaired; and that as soon as these objects are accomplished the war ought to cease.

10. That we will sustain, with all our energies, a war for the maintenance of the Constitution, and of the integrity of the Union under the Constitution; but we are opposed to a war for the emancipation of the negroes, or the subjugation of the Southern States.

11. That the purposes avowed and advocated by the Northern disunionists, to liberate and arm the negro slaves, is unconstitutional, insulting to loyal citizens, a disgrace to the age, is calculated to retard the suppression of the rebellion and merits our unqualified condemnation.

12. That the total disregard of the writ of *habeas corpus* by the authorities over us, and the seizure and imprisonment of the citizens of loyal States where the judiciary is in full operation, without warrant of law and without assigning any cause or giving to the party arrested any opportunity of defense, are flagrant violations of the Constitution and most alarming acts of usurpation of power, which should receive the stern rebuke of every lover of his country and of every man who prizes the security and blessings of life, liberty and property.

13. That liberty of speech and of the press are guaranteed to the people by the Constitution, and none but a usurper would deprive them of these rights; they are inestimable to the citizen and formidable to tyrants only. And the attempts which have been made since our present unfortunate troubles, to muzzle the press and stifle free discussion, are exercises of despotic power against which freedom revolts and which can not be tolerated without converting freemen into slaves.

14. That the seizure of Shiloh and Mason, on the one hand, and the seizure of the *Star of the West*, on the other, are in violation of international law, and so illegal; if the former, we lament that our nation has been humiliated by their surrender, under a flag of truce; if the latter, it was the duty of the Administration at once to have disavowed the act of their officer, and instead of increasing the captives in Fort Warren, to have immediately released the wrong by placing them, as far as practicable, in the same condition in which they were found. In either event, the action of the Administration was vacillating and cowardly, and degrading to the dignity of a great nation.

15. That the action of the Republican party, as manifested in the partisan character of all appointments of the Administration to civil office, and in holding party caucuses by the Republican members of Congress for the purpose of impressing upon the legislative action of the country the dogmas of that party, have demonstrated that their professions of "sacrificing party platforms, and party organizations, upon the altar of their country," are but so many hypocritical and false pretences by which they hope to draw the unwary into their support; and we warn all loyal persons, as they love their country, not to be deceived thereby.

16. That the disclosures made by the investigating committee in Congress of the enormous frauds that have stalked into the army and navy departments, implicating the heads of those departments in a conspiracy, if not an actual participation in a system of corruption, and in which our brave soldiers have been defrauded of their proper supplies, and our Government has been enriched with bankruptcies, demands a thorough investigation into all our expenditures, both State and National, and that a speedy and marked example be made of all such "birds of prey," who, taking advantage of the necessities of our country, have fed and fattened upon public plunder.

Resolved, That the meritorious conduct of the Indiana troops, in every battle field where victory has perchance upon the national banner, filled the people of this State with the highest gratitude to her gallant sons, and that we send our best wishes to officers and men, dispersed throughout the country, and the heartfelt greetings of every Democrat for their further brilliant achievements in the coming contests for the maintenance of the Constitution and the Union.

MEDICAL.

TO THE PEOPLE OF THE UNITED STATES.

In the month of December, 1858, the undersigned for the first time offered for sale to the public Dr. J. Bovee Dods' Imperial Wine Bitters, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bodily and mental misery arising simply from a neglect of small complaints is surprising, and it is therefore of the utmost importance that a strict attention to the least and most trifling bodily ailment should be had; for diseases of the body must invariably affect the mind. The subscribers now only ask a trial of

DR. J. BOVEE DODS' IMPERIAL WINE BITTERS!

These Bitters for the cure of WEAK STOMACHS, GENERAL DEBILITY, and for PURIFYING and ENRICHING the BLOOD, are absolutely unsurpassed by any other remedy on earth. To be assured of this, it is only necessary to make the trial. The Wine itself is of a very superior quality, being about one-third stronger than other wines, and incorporating the whole system from the head to the foot. As these Bitters are tonic and alterative in their character, so they strengthen and invigorate the whole system and give a fine tone and healthy action to all its parts, by equalizing the circulation, removing obstructions, and producing a general warmth. They are also excellent for the cure of BRUISES, FROSTBITE, RHEUMATISM, where the system is required to strengthen and brace the system. No lady who is subject to lassitude and faintness, should be without them, as they are revivifying in their action.

These Bitters Will not only Cure, but Prevent Disease, and in this respect are doubly valuable to the person who may use them. For

INCIDENT CONSUMPTION, Weak Lungs, Indigestion, Dyspepsia, Diseases of the Nervous System, Paralysis, Piles, and for all cases requiring a valuable Bitter, over the land, and thereby essentially aid in banishing Drunkenness and Disease.

Physicians, Clergymen, and temperance advocates, as an act of humanity, should assist in spreading these truly valuable BITTERS over the land, and thereby essentially aid in banishing Drunkenness and Disease.

These Bitters not only CURE, but PREVENT disease and should be used by all who live in a country where the water is bad, or where Chills and Fevers are prevalent. Being entirely innocent and harmless, they may be given freely to Children and Infants with impunity.
